

National Band Council of Australia Inc.

LONG SERVICE MEDAL (25 YEARS)

The National Band Council of Australia Inc. has struck a Long Service Medal for twenty-five years of service to community banding and music for members of bands **affiliated with their state governing body**.

NBCA Long Service Medals are for band members and/or musicians who have served at least 25 years with bands **affiliated** with a state governing body and therefore the National Band Council of Australia Inc. This includes service with bands that no longer operate but were affiliated during their existence.

Service with a Military Service band (i.e. Australian Army, Navy or Air Force), or the Salvation Army, for example, does not count towards this medal.

The medal is a fine way to pay tribute to esteemed and long serving members/musicians (the presentation of which could enhance your annual dinner program). The cost of each medal is \$25.00. Written nominations for the medal should include a brief banding history of the nominee. Please forward any written nominations on this form to the Secretary of your state governing body, with a cheque made payable to the (name of the state governing body). The medal or medals will then be ordered from the Executive Officer of the NBCA. An extra page may be attached if necessary. Please return this form with payment to:

The Secretary
(Address of the State governing body)
