## OFFICIAL PROGRAM

### 1999 AUSTRALIAN NATIONAL BAND CHAMPIONSHIPS

Music plays an important part in the lives of most South Australians and many outstanding musicians from diverse fields call this state home - Jane Peters, Graeme Koehne and the Superjesus, are just a small sample of those who have achieved international recognition.

The variety and volume of music produced and performed here is indicative of the value South Australia places on all forms of music.

Major events such as WOMADELAIDE, world music from across the world and the Barossa Music Festival, which provides the best of chamber performance, offer enjoyment to very different audiences.

Wagner's *Ring Cycle* was performed in Adelaide in November last year. Described as the Olympics of arts events, it brought critical international acclaim both to the State Opera of South Australia and to the Adelaide Symphony Orchestra.

I strongly support the role of brass bands in community and cultural life so I am delighted that the Australian National Band Championships are now taking place in Adelaide. I understand that 42 bands will be involved from around Australia, with one competitor coming from New Zealand.

I welcome visitors to Adelaide. I invite you to enjoy many cultural attractions and I wish you great success in the Australian National Band Championships.

# In 45 minutes you're there. But it could take hours to drag you away.

*McLaren Vale perches prettily on the southern skirts of Adelaide, its wineries an easy day trip.*

*But don't let that stop you from making a week of it.*

*Leave town on the other side and you'll find the Barossa about one hour away, or Clare (left at*

*the fork in the road). South again, Langhorne Creek's a well-kept secret - and did we even mention the Coonawarra, the Riverland or vineyards that arc gently over the Adelaide Hills?*

*It's easy to become blase about wine regions when you spend time in South Australia, home of around 60% of our country's premium wines.*

*Call the SA Travel Centre on 1300 366 770 for information*

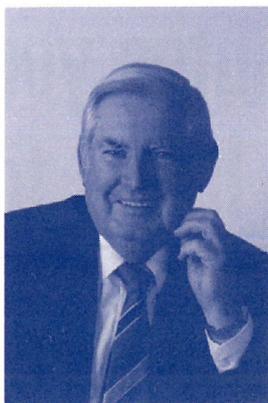

*and bookings on wine tours starting from only \$30 per person.*

## **MESSAGE FROM THE MAYOR OF MARION**

It is a great pleasure to extend a warm welcome to the competitors and supporters visiting Adelaide for the 1999 Australian National Band Championships.

Westminster School provides you with a magnificent venue for the Championships and Jetty Road, Glenelg is ideal for your street parade.

Adelaide has a wonderful cultural heritage and news of this competition has been enthusiastically received by all spheres of the community.

Our region is going through a revitalisation and is close to many of our outstanding tourist attractions. In particular, beautiful beaches, Westfield Marion Shoppingtown, the Warriparinga Wetlands and Holdfast Bay commercial features. I hope that you will take time to see some of the features of our City during your stay.

I trust that the 1999 National Band Championships will provide you with keen competition enjoyed in an atmosphere of friendship and goodwill.

On behalf of my Councillors, the citizens of Adelaide, and Marion in particular, and with the Mayor of Holdfast Bay, I thank you for selecting this beautiful city for these prestigious Championships.

We wish you a happy and memorable stay in Adelaide.

1 April 1999

**MESSAGE FROM BRIAN J NADILO  
MAYOR FOR THE CITY OF HOLDFAST BAY**

It is with great pleasure that I welcome participants in the National Brass Band Championships to the City of Holdfast Bay, and hope that you enjoy the competition as well as your public performances in Glenelg

I understand that 40 Brass Bands will be participating in the championships and will come from Australia and New Zealand, and that 200 soloists will be competing in the various instrumental sections.

It is of great benefit to Adelaide and South Australia that you have chosen to come here for these significant events, and I particularly look forward to the parade of bands down our Jetty Road, Glenelg on Saturday 3<sup>rd</sup> April. I am delighted to accept the invitation to take the salute on that occasion with the President of the National Band Council of Australia, Mr Ross Heinze.

While you are here I encourage you to enjoy the natural environment that the beach and foreshore offers, as well as the wide selection of restaurants and cafes that typify the Holdfast Bay area. You may wish to observe the Holdfast Shores redevelopment project which has commenced with the construction of a major apartment building right on the beach at the northern end of Glenelg.

Please enjoy the hospitality of our community, and the best of luck in the competitions.

I look forward to meeting representatives during the championships.

Brian J Nadilo.

## **MESSAGE FROM ROSS HEINZE**

President National Band Council of Australia.

This year the national Band Championships takes on new dimensions with the Brass and Concert Bands competing at different times and in different States. We hope these changes assist Organising Committees in preparing and presenting these championships. It is with pleasure I welcome all participants from all over Australia and New Zealand to these "SMOKE FREE" 1999 National Brass Band Championships.

To the Band members, Musical Directors and Drum Majors taking part in the band events and the Soloists competing in their sections. I extend the appreciation of the National Band Council for their dedication and commitment in preparing for these Championships and in keeping the band movement alive and progressive in their locality. I also extend thanks and appreciation of the National Band Council for their dedication and commitment in preparing and organising these Championships who together with your dedicated group of helpers will ensure the smooth running of these national Championships. At a time when there is such demand on sponsorship, a special thank you to those who have agreed to assist in sponsoring these Championships thus making it possible to stage this major event on the Band movement calendar in Australia. A special welcome to all those appointed as Adjudicators for these Championships and trust you have a rewarding experience during your deliberations.

I am confident that Competitors, supporters and all those attending these Championships will be assured a most enjoyable and rewarding weekend of music and marching.

Thank you for being part of these National Band Championships in Adelaide and for your continued support of Brass bands and their activities wherever they might occur.

# CHIEF ADJUDICATORS

## DAVID KING

Australian by birth, David King has established himself as one of the world's most dynamic figures within the brass band movement. David was the driving force behind the meteoric rise of Swinton Concert Brass from fourth section to British Open Champion status, before accepting the position as the Professional Conductor of the black Dyke Mills Band – the youngest conductor to be invited to this position.

During 1990 and 1991 he conducted 'Dyke' to two European Champion' titles and two highly acclaimed CD recordings.

Prior to accepting the position as Principal Conductor of the Yorkshire Building Society band in 1993, David pursued a distinguished career as a cornet soloist. Winner of the title 'North of England Solo Champion' on three occasions (1983/84/85), 'British Open Solo Champion' (1991) and as British representative was the first instrumentalist from the UK to win the prestigious title of 'International Brass Musician of the year' in Auckland, New Zealand in 1992.

David accepted the post of principal Conductor of the Yorkshire Building Society band in 1993. This partnership is now recognised world wide as a major force in British music making.

David is MA Course Director and head of Performance Studies in the music department, University of Salford.

## WING COMMANDER ERIC BANKS, O.B.E.

Like so many successful band men, he began playing as a youngster with the local Salvation Army Band, on euphonium. He joined the RAF Music Services in 1949 and was retained in the Central Band at the age of 17, one of its youngest players. After eight years he moved to conducting, having served an apprenticeship as "Songster Leader" with the Salvation Army Corps in Uxbridge. He was commissioned in 1972 and served in a number of Service capacities before taking up the post of Director of Music, RAF Central Band in 1982.

His academic achievements are impressive: Licentiate of the Royal Academy of music (1959); Licentiate of the London Guild Hall School of Music (1960); Associate of the Royal Academy of music, London (1960); Fellow of the London College of Music (1974); Silver Medallist of the Worshipful Company of Musicians, London (1960); Liveryman of the Worshipful Company of Musicians, London (1985); Freeman of the City of London (1985).

He was awarded the M.B.E. by HM the Queen in 1974 and upon his retirement in 1989 was awarded the O.B.E.

His long and distinguished career as a Conductor of Concerts, Broadcasts, Recordings, films and television has taken him to most parts of the world as a Guest Conductor, Adjudicator and Examiner. He regularly conducts the leading British orchestras, and is currently very involved in the music scene of Japan.

## **JOHN PETTIGREW**

John commenced playing Trombone under the legendary Bert Harding in the prospect City Band in the early 1940's. In 1948 he began his playing career with the Palais Royal orchestra and through the 50's to 80's played in the studio bands of Channels 7 and 9, various ABC Light Orchestras and with international artists in the Festival Theatre.

A graduate of Adelaide University with majors in Music and History, John taught for 20 years at Pulteney Grammar School where he was for some years Director of Music. He joined the Education Department in 1977 as Teacher of Brass and a playing member of the Department's Brass Quintet with Bruce Raymond.

In 1976 he joined the Tanunda Town Band under Gal John and Neville Alderslade, from whom he took over the position of musical Director in 1989 until his retirement in 1994.

Banding and playing in general has given John the opportunity to travel to New Zealand, South East Asia, Hong Kong and Japan on many occasions with private and Governmental bodies. It has been the love of most forms of music and the great camaraderie that exists between musicians that has kept him 'in the game'. John's aims these days are to improve his tuba playing and to maintain his contact with brass banding in the field of adjudication which he finds interesting, demanding, but above all, satisfying.

## **SENIOR SERGEANT ERNEST H ALDERSLADE O.A.M.**

Past Musical Director of the South Australian Police Band.

Ernie Alderslade started his musical life in 1944 at the age of seven with the famous Malvern Municipal Band learning baritone. During the next 13 years he played tuba, euphonium and trombone in the Eagle Hawk Citizen's Band, the Preston Municipal band, the Mildura District band and the Tanunda Town band.

In 1957 he joined the band of the South Australia Police as a trombonist. During his service he also played euphonium, acted as Deputy Bandmaster and was appointed Musical Director in 1969, the position he held until retiring in 1990 because of ill health.

His formal education was limited to a short course at the Army School of music in 1966, but he is respected in the professional arena as well as the band world where he won several championships including the 1959 Australian Trombone Champion in Perth.

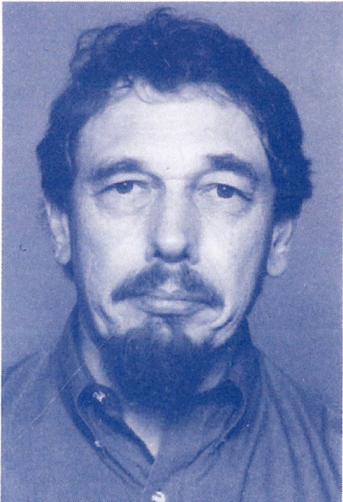

He has adjudicated at many band and solo competitions both at State and National levels and was presented with the Award of Merit for Services to the Bands of South Australia in 1977. In 1988 Ernie was awarded the Medal of the Order of Australia for service to Band Music.

**REG CHAPMAN M.Ed.-B.A.L.T.-L.A.R.C.M.**

Reg Chapman originally from the U.K. is one of South Australia's most respected and experienced music adjudicators, he is the Senior brass Tutor with the S.A. Education department where he oversees the Brass instrumental courses within the State Schools.

His special expertise with the musical education of young people has seen him form, teach and conduct several youth bands who's members have been drawn from the education and local band scene. These young players have gained considerable valuable experience from his tuition as have the players in the senior bands he has conducted.

As can be seen from his credits, Reg is more than qualified for the task we have set him in the 1999 National brass band Championships and we are privileged to have obtained his services

### **Open A Grade “ON ALDERLY EDGE” Peter Graham**

This was the 1997 Set Test piece for the British National Brass Band Championships. Peter could be described as one of the new modern style of composers who's roots are in the Salvation Army. Scottish born with a family still very much involved with the army, Peter spent sometime as a musician with the New York Staff Band and is still invited back to America as a guest conductor on many occasions. He is at present Director of the BA Band Musicianship course at Salford University Manchester, England and is Band Music Associate to the Black Dyke Band.

In Peters own words, the story behind Alderley Edge goes like this. Some friends visiting from London asked if they could be taken to the place that they had been reading about, in the books by author Alan Garner, the stories being based on the Wizard, who according to local legend lives there. Peter had to admit he knew nothing of the place, although close to his new home. Peter says he began to do lots of research on the history of the place and began to see it as a rich possibility for music, which he has now transformed into a series of tone pictures. These include, The Armada Beacon, the highest point on the Edge from where the Spanish Armada was first sighted, The Engine Vein Mine, The Devils grave and the Holy Well. The composer says there is a hidden enigma within the music that makes reference to the most enduring of the legends. That is, there is a hidden cave where there is a sleeping Army of White Horses and Knights waiting to come to the aid of England should she need them in time of trouble. The composer says I have signposted the entrance with a melody woven into the fabric of one of the landmarks.

The North Cheshire Village of Alderley Edge is dominated by a 600 foot wooden escarpment known locally as the Edge, where evocative titled landmarks, such as the Wizards Well, Stormy point and the Devils Grave have inspired storytellers for centuries. This work presents a musical portrayal of many of these sites and also recalls some of the legends, which have arisen from them.

## **Open B Grade “SYMPHONIC SUITE” Leyton Lucas**

Leyton composed Symphonic Suite in 1960 and for some unknown reason has been neglected as a test piece, but is now enjoying a well deserved awakening. Well known to and a definite favourite of one member of the SABA Music Advisory Board who convinced his associates it would be a superb piece for the National B Grade test. It has since also been picked for the British 1999 National area contests. The composer is not well known to many bands men and women and not at all to the younger members of today's bands, he started his musical career as a ballet dancer with the Diaghilev Russian Ballet but took up conducting in the Ballet world. At the early age of 19 Leyton served in the Royal Airforce during the 2<sup>nd</sup> world war and then made a reputation for himself as a composer of some very fine film music.

During his career he had a spell in the Brass Band world composing test music for what is known as the lower grade Bands. Not so well known is that he conducted the famous Black Dyke Band in the 1962 British National Finals.

The Music from Symphonic Suite is written in three movements, the first which is \*TOCCATA\*. This in the main is a rapidly moving movement with the Basses setting the pace and style with the euphoniums providing the lyrical tone colour and the cornets keep busy in the rapidly moving parts.

Two \*ARIA\* gives the soloists the chance of showing their expressive qualities while there are some beautiful quiet sonorous passages for the full band.

Three \*THE FIGURE AND JIG\* is the Tour de force of the whole work with the opening theme returning in a blaze in the euphonium line and the piece finishing in a blaze of glory.

No player should be unhappy to play music of this quality, which could also be described as a piece for the listener.

## **Open C Grade “HOLLYWOOD” Goff Richards.**

Composer Goff Richards needs no introduction to Brass Band Musicians as any band program is likely to have as least one of his compositions or arrangements included.

Born in Minver Cornwall U.K. his career started at a very early age playing in the local band and singing in the church choir. On leaving grammar school Goff went to the Royal college of Music, London, studying Trombone and composition and finishing his study at the university of Reading, after which he returned to his native Cornwall to take up a teaching post.

Goff was both encouraged and influenced by well known orchestral composer and conductor Sir Malcolm Arnold who is also a well respected composer of film music. Sir Malcolm also arranged for Goff's early works to be published.

Goff formed his own light orchestra writing much of what they played himself and he spent some time touring the world with this group before settling back in Cornwall. He is a very prolific composer arranger for not only bands but choirs and orchestras also and has held and still does hold several teaching positions in such places as the Salford University Manchester U.K. He is in great demand all over the band world as an adjudicator and was in fact adjudicator at the 1998 Australian Nationals.

At the request of the SABA Music Board Chairman, Goff kindly supplied the following synopsis. 'Hollywood' was composed in 1994 for the Solothurn band Festival in Switzerland, the work conjures up images of the great film produced by the American film industry since the early part of this century.

Following a big paramount style introduction we encounter a series of Clips that capture the moods of the range of film styles. From Charlie Chaplin's silent movies to the rough, tough Westerns of John Wayne, the romantic classics such as Gone with the Wind and the more contemporary action packed adventure movie as produced by the like of Stephen Spielberg. The music is all original but is hoped that the atmosphere of these great movies is captured in what is essentially a tribute to the composers of these great films.

This work is a major musical undertaking for C Grade Bands but is none the less a favourite among many brass Bands.

### **Open D Grade "A WESSEX SUITE" Derek Broadbent**

The composer Derek Broadbent started playing the cornet at age nine with a Yorkshire Brass Band and two years later took over as principal cornet. He later studied at Kneller Hall at the Royal Military School of music, where he won the coveted memorial certificate as the top player. On leaving the services he was appointed arranger for the Majestic Ballroom Orchestra, Leeds U.K. and later became Musical Director of the band at Pontings holiday camp Blackpool.

He has been the conductor of several top contesting bands including Black Dyke and is widely recognised for his many up tempo arrangements for brass bands and his string of top line contest marches and test pieces. In 1977 the Brighousef and Rastric band, under his direction, made a recording of some of his lighter pieces among which was the well known Floral Dance. This went to the top of the U.K. charts and stayed there for 13 weeks.

He has won many awards for his conducting, arranging and composing skills and is still composing and arranging for pop style and brass music, among which is today's D Grade test. A Wessex Suite was written especially for the annual Wessex youth band course where the cream of that countries youth gather every year for tuition and performances under top of the tree tutors and conductors.

In three movements it depicts various locations around the annual Wessex course starting with a march called STURMINSTER HIGH. This is obviously the school. It is followed by a beautiful serenade CHILD OKEFORD and concludes with a scherzo SAXON INN. The musical definition for scherzo for the non musicians is "A Joke".

### Junior A Grade “MUSIC FROM KANTARA” Kenneth Downie

This was composed for a competition organised by the National Association of School Bands, Great Britain, in 1994 and won a specially commended award. When Kenneth found out his piece was to be used as a test piece in South Australia he phoned from the U.K. to offer an explanation of the title and music. Kantara is the name of the composers home in Winchester, very famous for its cathedral. It would seem the previous owner had visited the ruined castle of Kantara on the northern coast of the island of Cyprus and the name was then given to the house.

Music from Kantara is dedicated to the Watership Brass Band from Newbury U.K. who gave the first performance. In the words of the composer the music is in the form of a three movement suite in a very tuneful and straight forward idiom. Technical demands are not intimidating although the central slow movement does require a sensitive vocal style and the outer movement contain figures which call for a precise articulation. The music was not intended to frighten players with technical demands but was composed in the hope that both performers and listeners alike would sit back and enjoy the music.

Kenneth is a Salvation Army composer renowned for the emotional atmosphere of his music as much as the technical demands. It is a rare Salvation Army program of CD that does not have at least one of his compositions included and Music from Kantara was the first piece from the pen of a Salvation Army composer to be released by a publisher other than the Army itself.

### Junior B Grade “KEY WEST” Darrol Barry

Darrol has many compositions and arrangements to his credit including several major works for lower grade Brass Bands and his Impromptu for Tuba which has been recorded by several top soloists. In addition to which he has done some very fine arrangements of film and TV theme music for Brass bands, two of which are, “The Life and Times of David Lloyd George” and “Out of Africa”. He is also well known for his light modern up tempo arrangements which enhance many band programs. Despite all this talent Darrol earns his living away from the music scene and is still very much a player in his own band. Key West is the Southern most port of the USA with a population of around 26 thousand, it is well known for its churches and pubs with a great holiday atmosphere abounding.

This composition was awarded the top place for new music by the 1993 British National schools Association for School Bands.

### Junior C Grade “THE FLINTKNAPPERS SUITE” Stuart Johnson

In 1997 the East Anglian Band Association received a grant of money from the British lotteries commission to enable them to specially commission six new compositions for their 1998 Spring Festival Contest, one for each section. Among the composers asked was Stuart Johnson, long renowned by teachers and conductors as the best when writing for Youth and Junior bands, both brass and Wind.

The Flintknappers, written with young players in mind, is a story in music of the history and countryside of the beautiful English County of Norfolk on the eastern seaboard of the country.

Written in three movements the first being “Grimes Graves” (or Devils Graves), in fact they are not graves at all but Neolithic Flint mines dating back to 3500 BC. The Norfolk Natives were expert in the art of breaking the flint into flakes and pieces which were then turned into tools and weapons. The most famous of the Norfolk warriors in history was a lady ‘Queen Boadecea’ who fought the Roman invaders and whose spear heads would most certainly have been made of Norfolk Flint.

The second movement is ‘The Pines of Thetford’. Early in this century a Forrest commission came into being and millions of Scot pines were planted on Thetford Heath all in very straight regimental lines for many miles creating a vast Forrest which is still very much in use today. For Norfolk natives who have left to travel away the sight of the pines of Thetford coming into view on both sides of the land through which passes the main road from London is a sure sign they are nearly home.

'Picnics and Squirrels' is the third movement. In addition to the forestry industry the pine Forrest has many picnic areas set aside to encourage people and their families to visit and spend time in another world. If they are lucky they will be able to see some of the colony of Red Squirrels that live in the Forrest and who are all but extinct in other parts of the country having been decimated by the rogue European grey squirrels that abound all over the UK.

Our thanks go to the East Anglian Band Association of England and Stuart Johnson who although this work has not yet been published gave the SABA Music Advisory board permission to use this work for the 1999 Junior C Grade of Australia. That permission was in fact given one month before the work was premiered at their spring festival.
