### **Welcome from the NBCA President**

On behalf of the National Band Council of Australia I bid all bands, soloists and supporters welcome to the 2006 Australian National Band Championships, Brisbane.

The 2006 Nationals Organising Committee installed by the Queensland Band Association has secured outstanding performance facilities, a core of well-credentialed adjudicators as well as preparing the programme of events. Once again, we welcome bands from across the Tasman; New Zealand bands have for a great many years participated in the Australian National Championships. Additionally we welcome the return of Osaka Harmony Brass who competed in Newcastle at 2003 Australian National Band Championships, and were a huge hit both competitively and socially.

Organisation of the Championships is a mammoth task, not just in the preparation of venues, choosing music and inviting adjudicators. Liaison with all state governing bodies with regard to registrations, confirming the own-choice music is within the set criteria and timetabling of events are time-consuming tasks. However, with a dedicated team of people who have taken on their respective roles with enthusiasm; all who participate in the 2006 Australian National Band Championships should enjoy the experience. As well as the Organising Committee, comprising members of the Queensland Band Association, there are many other people who will contribute in many fields. With forty-seven brass bands, twenty concert bands and in well in excess of three hundred soloist, quartets and quintets - the organisation will be well-tested.

You will see many volunteers at the various venues performing many duties, stage crew, front of house, door-keepers etc. Without a significant number of volunteers these championships could not take place. To the volunteer teams – “we salute you” and thank you for your valued participation.

Finally, I hope you enjoy your time in Brisbane, renew acquaintances, make new friendships, enjoy high quality music and to the contestants I wish you luck and may your performance reflect your commitment.

Robert A Bedwell

## **Welcome from the President of the Queensland Band Association**

On behalf of the Queensland Band Association and the organising committee I extend a very warm welcome to all bands, soloists, supporters and friends to these Australian Band Championships. I would like to make particular mention of our friends from Japan and New Zealand who have also travelled to our city for the event.

We are fortunate in having respected and experienced adjudicators for the contest viz, Garry Cutt and Simone Rebello from the UK; Bryan Hurdley ex UK and now from Cairns; and our very own Phil Davis from Brisbane. I trust you will all enjoy the competition as much as the competitors.

Our organizing committee, chaired by Geoff Fry, has worked tirelessly to make this contest the success I know it will be. I can only be astounded at the amount of time and effort Geoff has given to this project. Helen Hoy, our contest administrator, has a wealth of experience in contest management and has brought all of her expertise with her to enable the smooth running of all events. A big thank you to Helen.

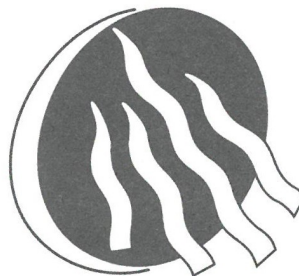

Numerous other people have contributed to the smooth running of an event of this size such as Pam Schryver who has organised a magnificent Gala Concert featuring Simone Rebello; all our solo adjudicators and accompanists; and all of those people who will work as officials and volunteers throughout the events. Your efforts and expertise are greatly appreciated.

I must thank all of our generous sponsors, both major and minor, that have contributed to the financial well being of the contest. Without you there would be no contest.

I trust everybody will enjoy the competition, our lovely city and surrounds, and above all the fun, fellowship and camaraderie associated with our wonderful hobby.

## **Chief Music Adjudicator**

### **Garry E. Cutt**

Since graduating in the early 1980's, Garry Cutt has developed a reputation as one of the banding worlds most respected and successful conductors.

His 17 year relationship with the Marple Band resulted in many of Garry's early contest success: A hat-trick of 4<sup>th</sup> prizes during 1992/3/4 and their British Open victory of 1996 are some of the most remarkable results in the history of the contest. This was Garry's second "Open" title, having previously guided the Kennedy's Swinton Band to their 1989 win and at the same time, becoming the youngest winning conductor in the competition's history and the very first recipient of The Mortimer Maestro Award.

Garry was appointed Musical Director to the Grimethorpe Colliery Band in 1991, a position he held for twelve years. The phenomenal impact of the film "Brassed-Off" resulted in Garry leading the band on sell-out tours, notably Australia on three occasions and performing in that iconic building, Sydney Opera House. Other overseas trips have included Japan, New Zealand, and Hong Kong. April 2003 saw the band and conductor, making their debut in New York's Carnegie Hall! He has an enviable reputation on the concert platform, cemented by six victories at Spennymoor's Brass in Concert.

In September 2003, Garry was awarded the Iles Medal by The Worshipful Company of Musicians in recognition of his services to the Brass Band Movement.

September of 2004 witnessed the history books of The Fodens Richardson Band being dramatically re-written. For the band after several near misses, their 1<sup>st</sup> British Open victory since 1964, for Garry, his third Mortimer Maestro award! He was delighted to be appointment the Band's Professional Conductor in January 2005.

Garry continues to be Associate Conductor of The National Youth Brass Band of Great Britain, working closely with Elgar Howarth, something of which he is very proud.

## **Assistant Chief Music Adjudicator**

### **Bryan Hurdley BA (Hon) LRAM. ABSM.**

Bryan Hurdley was born in Ironbridge, Shropshire, England and started playing the Euphonium in the school band at Abraham Darby when he was 11. In 1985 he won a scholarship to the Birmingham Conservatoire where he studied Trombone and Euphonium with Dennis Wick and Conducting with Adrian Leaper. Bryan is the only brass player to be awarded distinction in teaching, performing and recital diplomas at the Conservatoire as well as the Birmingham Midland Institute Prize, Rollinson and Doris Newton Prizes and the coveted Concerto prize.

A founder member of the English Tuba Consort, Bryan has travelled widely. As a conductor, adjudicator and clinician, he has worked in almost every European country, Scandinavia, the USA, Australia and New Zealand. He has an impressive list of recordings for radio and television, numerous CD's to his credit and, as a tenor tuba player, has worked with many of the UK's finest orchestras including the Philharmonia, the Royal Philharmonic and the City of Birmingham Symphony Orchestras.

Over recent years, Bryan has enjoyed an increasing reputation as one of the finest conductors and band trainers of his generation with a particular specialty in the contemporary repertoire. He has held with distinction, the post of Music Director of the Williams Fairey Band, the Sunlife Band and the Fodens Band and his work with the Mount Charles Youth and Senior bands is well recognized. As guest conductor, famous names such as Black Dyke, Grimethorpe, Desford, Wingates, and Newtongrange from the UK, Stavanger Brass, Sandifjord Brass Symposium from Norway and the Brass Band Berner Oberland from Switzerland are regular associations.

In April 2005 Bryan accepted an invitation to become part of the music programme at St Andrews Catholic College in Cairns, Australia where he currently resides.

## **Assistant Chief Music Adjudicator Simone Rebello**

Simone Rebello graduated from the Royal Northern College of Music with Distinction and a collection of awards including a major scholarship and The Phillip Jones Prize. She began a solo career which has taken her around the world with concerto appearances, solo recitals, master classes and appearances on national and international TV and radio. She has recorded several CDs and is in high demand as a soloist with brass bands, wind ensembles and symphony orchestras. She continues to win awards such as the 1998 Cosmopolitan/House of Fraser Woman of the Year in the Arts.

Simone regularly performs with the internationally renowned BackBeat Percussion Quartet of which she is a founder member. The group tours extensively in Japan and America and has also given concerts in Zimbabwe, the Cayman Islands and throughout Europe. In addition to recording two CDs and numerous international TV and radio broadcasts, the group has won several competitions including the Royal Overseas League Ensemble Prize (1997), The Osaka International Chamber Music Fiesta (1999) and The USA Concert Artists Guild (2001) which led to a USA debut at The Weill Hall–Carnegie Hall. The group has commissioned several new works and its 2002 Proms debut was broadcast live on BBC television.

In 1997 Simone formed Equivox with leading saxophonist Rob Buckland and this contemporary music group record and perform internationally. They have commissioned several new works and are releasing their latest CD in 2005. Simone collaborates with various musicians on projects and continues to work as a solo recitalist with pianist/organist Julian Wilkins.

Simone devises and presents concerts and workshops to children of all ages and works annually with Young World UK who produces concerts featuring large choirs (up to 8000 children) in UK arenas including the Manchester Evening News Arena. She is frequently asked to adjudicate at national and international brass and wind band competitions, percussion festivals and events for BBC Radio, and speaks regularly at events concerning performance skills, the development of concerts and workshops for children and general percussion topics.

# Xeno Cornets

The Xeno name has become well established as the brand of choice for discerning trumpet and trombone players. And now Yamaha has incorporated what they've learned developing these orchestral instruments, into some new cornets. The Xeno cornets were developed in close collaboration with some of the worlds best players and in particular David King, cornet soloist, Head of Performance Studies at the University of Salford and principal conductor of the Yorkshire Building Society band. David worked closely with Frankfurt based Yamaha R&D expert Thomas Lubitz, and the new instruments result from 2<sup>1</sup>/<sub>2</sub> years of research and experiments.

## Xeno B<sup>b</sup> Cornet YCR-8335

**Bell diameter:** 125.5mm (5")  
**Bore size:** 11.9mm (.469")  
**Bell material:** Yellow brass (YCR-8335/8335S)  
 Gold brass (YCR-8335G/8335GS)  
**Weight:** Heavy  
**Finish:** Clear lacquer (YCR-8335/8335G)  
 Silver plated (YCR-8335S/8335GS)  
**Mouthpiece:** David King Signature Model  
**Case:** CRC606

Xeno cornets come in deluxe cases which provide excellent protection.

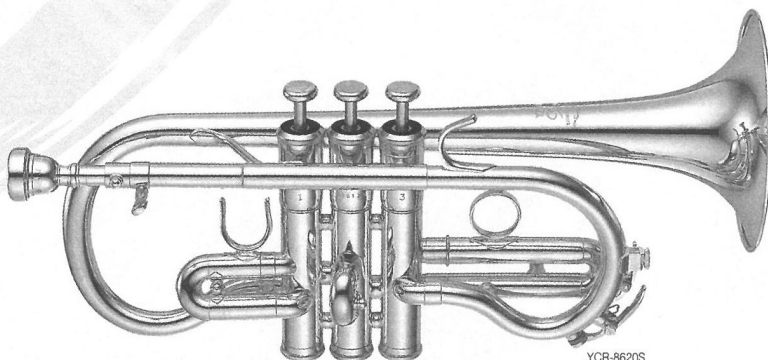

David King

*David King is one of the most dynamic figures in the brass band movement and has accomplished extraordinary musical achievements as a soloist, conductor, and educator. As a cornet soloist David has won numerous awards including the British Open Solo Championship for five consecutive years and the prestigious International Brass Musician of the Year. David is also regarded as one of the greatest conductors to arise from the brass band world and has represented England in the European Brass Band Championships on eleven occasions, winning an unprecedented ten times.*

The new E<sup>b</sup> cornet has been designed to provide comfort and security when performing in the high register, while maintaining a beautiful warm sound in any range. The intonation is incredibly accurate and the cornet plays with an even, nimble response.

## Xeno E<sup>b</sup> Cornet YCR-8620S

The Tanunda Town Band Inc.  
in conjunction with the South  
Australian Band Association  
proudly presents:

## CONTEST TANUNDA 2007

*"History records that that it was on the 6th of October 1857 that the Tanunda Town Band performed its first official concert at the Tanunda Hotel. That humble concert and the fact that our band has been in continuous existence ever since proudly makes us Australia's oldest Brass Band."*

*On the weekend of 6<sup>th</sup> & 7<sup>th</sup> October 2007, in association with the South Australian band Association, we will celebrate our 150<sup>th</sup> anniversary with 'Contest Tanunda 2007' the South Australian State Competitions for 2007.*

*Generations of bands-persons will remember the Tanunda Band Competitions that commenced in 1910. To this day band competitions held at Tanunda remain legendary and are remembered with fondness for all who have participated be it band-personnel or spectators alike.*

*We think this will be a great weekend for all and an invitation is extended to bands to come and experience some of that true 'Barossa' hospitality for which our band is renowned for."*

*Stephen John, President, Tanunda Town Band.*

Of all the water on earth, only 3% is fresh. Less than one third of 1% is available to humans. Staggering thought when you consider we can't live without it. But here's a more positive thought. This small blue cube can save an average of 151,000 litres of water a year per urinal. That's the equivalent of about four average size swimming pools. How? By using natural beneficial microbial technology, the Desert Cube™ keeps urinals clean and hygienic without the use of flushing water. With an increasing water shortage, we all need to hear Nature's call to save our most precious resource. Make a small change and make a huge difference. Use the Desert Cube™ system and reduce water use in your urinals by up to 98%. Now there's something to think about.

Visit [www.desert.com.au](http://www.desert.com.au) or call 1300 721 825 to find out more. Nothing conserves water like the desert™
